

# HOW TO PLAY

The fun and easy to play side bet that  
makes **Blackjack** even better!

**TCS**JOHN HUXLEY

**Introducing Blackjack's Better, the fun and easy to play variation of the standard Blackjack game, where the player can choose to place a side bet on the possibility of a Blackjack being dealt in the first two cards.**

#### **How To Play**

Played on a standard Blackjack layout and with up to three BJB betting spots per position, players have to place their side bet on any box that already contains a Blackjack wager. The side bet has to be placed before the commencement of each new hand.

When the initial two cards have been dealt, the dealer will pay out any winning BJB bets before any further cards are dealt. The BJB bet must be within the limits of the minimum and maximum bet displayed on the table. It's as simple as that!

For additional excitement, Blackjack's Better can also be played alongside other Blackjack side bets such as Perfect Pairs. This can offer up to four types of bets on a progressive Blackjack table – the manual game, PP side bet, BJB side bet and the progressive side bet.

#### **Blackjack's Better Winning Hands**

##### **Blackjack same suit**

The first two cards dealt consisting of an ace and any other card that has the value of ten, i.e. ten, Jack, Queen or King (the Ace and the card having the value of ten must be of the same suit).

##### **Blackjack same colour**

The first two cards dealt consisting of an ace and any other card that has the value of ten, i.e. ten, Jack, Queen or King (the Ace and the card having the value of ten must be of the same colour).

##### **Blackjack different colour**

The first two cards dealt consisting of an ace and any other card that has the value of ten, i.e. ten, Jack, Queen or King (the Ace and the card having the value of ten must be a different colour).

## Blackjack's Better Pay Table

Hand / Combination	Payout
Blackjack - same suit	40:1
Blackjack - same colour, different suit	15:1
Blackjack - different colours	10:1

6.21% House advantage based on a 6 Deck shoe
