Creates Excitement and Draws Attention

If you are looking to create an impact on your gaming floor then the Ora Glo Winning Number Display will be the perfect the solution for your casino, featuring LEDs that surround the entire display frame. Available in landscape format which is perfect for Baccarat, Poker and Progressive games. Ora Glo is available in 23" and is supplied in Black as standard.

Eye-Catching Visuals

Ora Glo can cycle up to 12 different colours which are all easily controlled by a switch or remotely with TCS proprietary software to reflect key stages of the game or display attract modes. High impact graphics can be configured through the Adaptive Modular Graphic System. This allows a plethora of variable graphics and animations to be configured in numerous combinations allowing winning numbers, stats, advertising content and video to be displayed exactly how the operator requires.

Flexible and Easy to Control

Like all TCSJOHNHUXLEY Winning Number Displays, Ora Glo can be standalone where features are altered individually at the table, or networked to allow changes to be made from one central point to every display across the gaming floor.
