TCSJOHNHUXLEY

Introducing the

# Mini Chip Sanitiser

The safe, quick and easy to use TCSJOHNHUXLEY Mini Chip Sanitiser, provides peace of mind by protecting your gaming staff and players from harmful germs that may lurk on the surface of gaming chips.

TCSJOHNHUXLEY's Mini Chip Sanitiser has been designed as a small footprint table top option. With a capacity to sanitise 24 chips in total (12 chips per draw), this compact two-drawer unit is a perfect solution where space is an issue.

By using UV-C light technology, Mini Chip Sanitisers feature a unique patent pending design that ensures every surface of the chip is cleaned at the same time. It also incorporates safety mechanisms, so the machine will not operate unless the unit is completely shut, guaranteeing no harmful UV light can escape.

- Keep your gaming chips germ free
- Kills germs in minutes
- Sanitises 24 chips at one time
- High Efficiency UV-C light technology
- Small footprint, ideal for table top use
- Unique patent pending design
