Flexible Options

Qorex Circular Carousel can be configured to your casino's requirements with a range of highly flexible configurations and decorative options. Qorex Circular Carousel allows for up to 8 player positions and gaming terminals are available with both 23" or 27" size screens providing a variety of flexible options. Qorex Carousel units can be stand alone or integrate automated devices such as the Saturn™ Auto Roulette Wheel, the Giant Dice Shaker or even live Roulette Wheels.

Striking Graphics

Qorex Circular Carousel can be supplied with a range of options that incorporates eye-catching signage and graphics. Furthermore, displays can change in synchronisation to the game showing the current game state, winning numbers and historical results, that can be seen across the casino floor. For added impact, the HiLite Orbit LED attract ring also provides the option of displaying game data from within the carousel, right in front of players. Whichever option you choose, Qorex Carousel is sure to provide a real focal point to any gaming floor that will attract and keep players at the terminals longer.

Swap Between Games Easily

There is unlimited choice where players can select from multiple games of live Roulette, Sicbo and Baccarat as well as RNG options. Switching between games is simplified using the easy to navigate side bar which allows players to filter game types and pre-select favourite tables. This allows players to quickly place bets and repeat bets without having to change between tables.

Wide Range of Accessories

Qorex Carousel offers a wide range of accessories that allow for further customisation including coloured terminal wedges that feature LED lighting to provide a seamless look. Further player features include wireless charging spots for mobile devices along with drink holders to prevent spillages.
