Custom designed artwork to suit any theme

Manufactured to the Highest Standards

Popular in casinos worldwide, our Money Wheels are made to the highest of standards. Our wheels are precision engineered and can be custom made to suit your unique needs. 38, 52 or 54-pin wheels are fitted to robust steel shafts and can include a base with a lid for equipment storage. Beautifully manufactured with quality in mind, our wheels are an engaging feature on any gaming floor.

Quality Craftsmanship

TCSJOHNHUXLEY products are recognised around the world for their unquestionable quality, delivering outstanding performance year after year. We are justifiably proud of our reputation for craftsmanship and world class manufacturing and the quality of our Standard Money Wheel are a true reflection of this.

Truly Bespoke

The demand for creativity has never been greater, which is why we offer custom options to individualise your casino. Whether your preference is for a traditional wheel or a unique theme, our team will fulfil the brief.
