Small footprint designed for bar integration

The experience of live gaming with all the benefits of electronic gaming

Connects to live tables helping maximise operational resource whilst providing social distancing

Configurable multi-colour LEDs

Multiple game and variations available

Adjustable screen to suit seated or standing players

Full secured cabinet with multi-point locking system

USB charging point allowing users to charge their mobile devices at their convenience

Various player tracking / loyalty system options

Attendant light integrated into the screen bezel

Designed to Maximise Space

With the same striking looks as the Qorex Terminal, Qorex Bartop provides the perfect solution when space is at a premium. This flexible and easy to install unit, has been designed to maximise space and can be housed in new or existing bar counters to meet any gaming requirements.

High Definition Graphics

Featuring a 21.5" touch screen HD display with the ability to tilt to suit seated or standing players viewing angles allowing for optimum comfort whilst enhancing the player experience, the screen and unit surround incorporate striking LED's that can be used to denote the price of play or customised to a casino's colour scheme. The attendant light is discreetly incorporated into the illuminated screen bezel.

Intuitive Interface

Qorex Bartop incorporates all the same game features as Qorex Terminal, with players able to select from various live or virtual Roulette, Sicbo and Baccarat games, all with the same intuitive user interface. The live camera display allows the player to see the game and results as it happens, with the ability to position the image anywhere on screen so it does not obscure betting.

Seamless Integration

Qorex Bartop can be used in-conjunction with all TCSJOHNHUXLEY Roulette Wheels (Mark VII, Saturn, Saturn Auto) and TCSJOHNHUXLEY Dice Shakers. Qorex Bartop combines both note and coin acceptors, a ticket printer and player tracking / loyalty system plate located below the screen. A USB charging port is neatly integrated in to the player tracking/loyalty plate allowing users to charge their mobile devices at their convenience. The compact unit provides a fully secure cabinet that can only be accessed by authorised personnel via keyed access.
